By Lamiita Stamate
DG Transylvania
NOVEMBER 2019

Transylvania District has 9 clubs.

Let's begin with Brasov

We can say that our work is divided into several sections:

Firstly, we help children from Foster homes in villages near Brasov with clothes, backpacks with school supplies and textbook, and personal hygiene products.

We also give financial support to help two high school students with real intellectual abilities that come from poor families.

We also organized activities for the disability children.

- We sponsor and provide trophies for two festivals of pop and popular music for children and Teenagers. These festivals are: "Rose from the Fortress" and "Snowflake".

Mircea Muresan, our colleague, manufactured these beautiful trophies.

Lamiita Stamate, our colleague managed some editions of the two import projects for our club and for Brasov community. These projects we do together with Businesswomen Association

These are:

"Tomorrow's Leaders", is a project for high school students. During a school year, students are taught how to lead a company, a hospital, a University, and finally a city. At the end of the project they prepare a show and publish a book about their dreams, thoughts and hopes.

The other project "Women VIPs" (that means: women who dream, dare and show determination), is a project which seeks to highlight women personalities in different sectors.

At the Brasov Y's Men Club, we like to meet and spend quality time together.

We are a good team; we are a good colleague!

BISTRITA

Y's Men Club Bistrita, help children and adults who are in a precarious financial situation.

This year Bistrita Club provided financial support for surgery needed by a young girl, to remove a tumor. Now the girl is fine, and we are happy we got involved in solving this case.

Recently the club also signed a collaboration with the Bistrita Child Protection agency to organize activities and help children staying in Foster homes.

Y's Men Club Bistrita, together with others, organized an annual event named "Women's Gala" where women are awarded for outstanding achievements in all sectors.

CHISINAU- MOLDAVIAN REPUBLIC

The Y's Men Club in Chisinau is included in the Transylvania district.

They work together with the organization YMCA and have achieved significant results.

"Project Center for Young People" is about building a place where teenagers can develop their ideas and activities. This includes meetings, courses, and workshops.

They organize sports competitions at home and abroad, with trained, talented children and youngsters.

They also provide hot meals to people in need, especially in winter.

Another permanent activity is the organization of clean-up teams in green spaces and the river that crosses Chisinau.

GURA HUMORULUI,

The Y's Men Club in Gura Humorului- went through changes and transformations, but it is important to revive it and help this club to have success,

We want to thank the Radacina family from Bistrita Club, "the mother of the club", for their involvement in the reactivation of the club in Gura Humorului.

SIGHISOARA Christian,

Sighisoara Christian Y's Men Club organizes activities to support children in need. On Christmas days and Easter, they offer packages with clothes, candy and school supplies in Sighisoara and the villages near by.

For children in elementary school, Sighisoara Club also has social activities: they learn to sing, dance and even prepare a plan.

Daniela Hanur Costea is a young girl who was discovered during one of these event. She showed a talent for music and theater. Geanina Abrudan- the president of Sighisoara Club helped her day by day to develop her talent.

On Children's day on 1st june, children compete in different running competitions. At the end of the run they receive awards and a tasty meal, offered by Daniela Ciucan member of Y's Men Sighisoara.

Also at the school where Daniela Ciucan is a teacher, together with Y's Men Club members, they provide lunch for children from poor families.

MEDIAS,

Y's Men Club in Medias helps and supports a group of 10-12 young orphans or disadvantaged youngsters.

They receive training to become qualified Carpenters as well as accommodation, and meals.

Three Y's Men warm hearted members from Medias, the Barac family and Stuart Thomson care for these young boys' day after day.

Few words, but the results are great!

BAIA MARE,

Y's Men Baia Mare works with the YMCA association YMCA.

From this collaboration where students and young people eager to learn and get involved in the life of the community, wonderful projects came out.

I'll mention some of them:

- "The Voice of young people- your voice is important for our community"- it's about being young and involved in legislation initiatives.

- "Night Watch" - a street action to raise public awareness and activism against violence.

- "The best volunteers of the year, from Baia Mare"- award-winning young people spoke about their volunteering activity and invited all participants to get involved in volunteering activities. Around 800 young people attended!

- Every summer Y's Men Baia Mare organizes thematic camps for children and young students.

GILAU and FLORESTI,

The Y's Men in Gilau and Floresti aren't currently active, but together, I think we can reinvigorate these clubs.

**Thank you for your attention, and we hope to see you soon, in wonderful -
Romania!**
