Welcome to the 2025 Regional Conference

The conference committee members come from the three Himmerland clubs that have worked together to put together the programme for the conference day. As usual, the regional management is responsible for organising the general meeting.

The individual committees in the conference committee have each had their specific responsibilities, but everyone in the committee has been looking forward to this weekend for many months. HEG - where Friday night is organised, and MCVH - where the General Assembly and Conference are held, have gone out of their way to welcome you all.

As something new, the General Assembly booklet and conference booklet have been combined into one booklet. We take into account our shared environment and many of you have the internet 'in your pocket'

From the entire conference committee we would like to extend a warm welcome:

'Welcome to Aars - the centre of Himmerland'

We wish you all a great conference

***Dear Members of the CEE Section Management and Honored Guests,
It is my pleasure to invite you to a working meeting of the CEE Section Management Team and its
closest partners.***

Meeting date: June 20, 2025 at 10:00 a.m.

Venue : Hans Egedes Vej 122, Aars

Participants : Jørgen Kallesen, RD, Anna Rašiová, chairman, Dimiter Tomov, secretary, Lamiita Stamate, coordinator, Henrik Jeppesen, RSD, Hardi Kristensen, RT, Jens Byskov, consultant.

Meeting objective:

We're getting close to the CEE countries becoming their own section within YMI Region Denmark.

So—how ready are we?

This meeting is a chance for an open and honest talk among those closest to the process, about what we've been through so far and what's coming next.

AGENDA

10:00 – Opening of the Meeting

- Appointment of the meeting recorder.
- Welcome speech by the Chairman and Henrik Jeppesen, RSD.

Our progress – Where We Are Today

A reflection on our journey: how it all began, the path we've taken - with special focus on the past six months since the meeting in Vienna, October 2024, and the people who supported us along the way.

10:20 – So Far We Have Completed...

An overview of what we've achieved over the past six months and what has brought us to this point. /*Chairman*

10:30 – Our Challenges...

What we've encountered along the way, what we've learned, and what these experiences have revealed. / *CEE Section Management members*

10:40 – Our Next Steps...

An outline of our priorities for the upcoming period. /*Chairman, Henrik Jeppesen, RSD*

10:50 –What We Expect...

...from ourselves, from partners at all levels. /*Chairman*

11:00 – We Are Grateful for Your Opinion...

Reflection by those present on our work, cooperation to date, and recommendations for the future.

11:20 – Discussion on Practical Matters of the CEE Section

Topics to be addressed include:

- Approval process of the CEE Section at the Regional Conference. Our roles in this process. Jørgen Kallesen, RD

- **CEE Section Rules of Procedure**

Conclusion of the draft document, form of its approval. / *Chairman*

Prelude

1st hymn: It smells light-green of grass

Prayer

Reading: [Ecclesiastes chapter 4, verses 9-12](#)

Two are better than one, because they have a good return for their labor: If either of them falls down, one can help the other up. But pity anyone who falls and has no one to help them up. Also, if two lie down together, they will keep warm. But how can one keep warm alone? Though one may be overpowered, two can defend themselves. A cord of three strands is not quickly broken.

The creed is said

2nd Hymn: Human, your own great might

Reading : [John 17, verses 20-26](#)

“My prayer is not for them alone. I pray also for those who will believe in me through their message, that all of them may be one, Father, just as you are in me and I am in you. May they also be in us so that the world may believe that you have sent me. I have given them the glory that you gave me, that they may be one as we are one - I in them and you in me - so that they may be brought to complete unity. Then the world will know that you sent me and have loved them even as you have loved me. Father, I want those you have given me to be with me where I am, and to see my glory, the glory you have given me because you loved me before the creation of the world. Righteous Father, though the world does not know you, I know you, and they know that you have sent me. I have made you[a] known to them, and will continue to make you known in order that the love you have for me may be in them and that I myself may be in them.”

Sermon

When I was 33 years old and my husband, Søren, was 32 - and our three children were 5, 3, and 0 - we were given the amazing opportunity to become the new leaders of *Farsø Efterskole*.

The school was to be established in the buildings that had previously housed *Farsø Højskole*. We were overjoyed - yes, almost blissful - in our youthful naivety.

The buildings needed a loving hand and we can say that Søren and I also needed loving hands - and we got them.

Cars rolled into the courtyard - several of them - and inside were members of the *Y's Men*, dressed in work clothes.

Loving hands - ready to make a difference.

They came to hang wallpaper, paint, clean, and pull weeds - not just for one day, but over many days.

At noon, we would sit down together and eat rye bread, liver pâté, and salami. We were happy - yes, nearly blissful.

Why did the *Y's Men* do it?

I believe there were several reasons.

Firstly, because they were - and are - equipped with loving hands and a mission greater than goes beyond themselves.

Then, I believe they sensed that the young school leaders needed help.

And finally, it seemed they truly enjoyed the work.

It was meaningful, it was helpful, and it was fun - in other words: fellowship at its best.

Fellowship is a central theme in today's service - and, I believe, of this entire conference.

Just before we, in fellowship, confessed our shared faith, we heard the words from Ecclesiastes:

"Two are better than one, because they have a good return for their labor: If either of them falls down, one can help the other up."

Those are good words - for a good fellowship - because we need one another.

The Norwegian pastor *Per Arne Dahl* once said something that I often lean on:

"No one has arms long enough to wrap around themselves."

Per Arne Dahl opened his church in Oslo in the days following the terrible massacre at Utøya, where 68 young people lost their lives. Young people flocked to the church - and there, they embraced one another.

Because no one has arms long enough to wrap around themselves.

I know - it's quite a leap, going from founding *Farsø Efterskole* to the tragedy of Utøya - but life is full of such leaps. We know this - and we experience it all too often. From comfort and joy to fear and unrest.

Right now, we sit in one of the safest and most loving communities in the world - here in the Exhibition Centre - and we wish it could always be this way.

But outside, in the world, serious things are happening - we know this - and we know we cannot turn a blind eye.

The Gospel reading from John is part of Jesus' final prayer.

"My prayer is not for them alone. I pray also for those who will believe in me through their message, that all of them may be one..."

Jesus is saying farewell, and He does so with this prayer - this final prayer. A prayer that we all may be one - with one another, with Jesus, and thus with God.

Jesus' disciples - His friends - were probably thinking:

"Oh, can't we just stay here - in this fellowship - the safest, most loving fellowship in the world? Why must it end? Why can't Jesus just stay with us?"

The answer is: Because the mission of Jesus' life on Earth was precisely that the world's safest and most loving fellowship should never end.

Jesus prays for us:

"...I have made your name known to them, and will continue to make it known, so that the love you have for me may be in them, and I myself may be in them."

The other day I heard a lecture on new hymns by Bishop *Marianne Christiansen*. She shared that composers often begin writing a new hymn by studying the **final verse** closely - because it reveals the tone, the melody that fits the entire hymn.

The final verse - the final prayer in the story of Jesus - is about:

That you all may be one.

That is fellowship - that is the melody we must carry in faith, hope, and love - beyond all borders.

"...the love you have for me may be in them, and I myself may be in them."

We live in a dark and uncertain world - we feel it. Recently, I spoke with a woman from Myanmar. She told me how a school in her hometown was bombed while the children were in class. A terrible story.

I asked her: *How do you keep your faith in a loving God?*

She answered: *We have only God's wings to crawl under - and under those wings, there is also space for our neighbour who is a Buddhist.*

No one has arms long enough to wrap around themselves.

That's why we need all arms - and all loving hands.

Here in the Exhibition Center today, many of us have gray hair, and we may wonder—*are our arms and hands still needed?*

And the answer is - yes, absolutely!

Those who are 32 and 33 - and their children - need us. Not just for a helping hand now and then, but because they need us to uphold **hope, courage, and joy**.

They need us to keep the church open - with the message that the final verse is bright and good - and therefore the melody must be, too.

When we celebrate worship, we don't do it just for ourselves - we do it for our children and grandchildren.

And when we put on our work clothes, we do so with joy - rejoicing in the fellowship under God's wings and in the space of Jesus' prayer for us.
It may sound naïve - and it is - but it is also Christian: simple and difficult at once.

And true it is - as written in Ecclesiastes:

"But pity anyone who falls and has no one to help them up. Also, if two lie down together, they will keep warm. But how can one keep warm alone? Though one may be overpowered, two can defend themselves."

Amen.

Let us all pray:

God, give hope to the hopeless!

Make all who hope in You messengers of hope.

Let a human gaze shine upon those who have lost hope.

Make us joyful in hope, patient in affliction, faithful in prayer. Amen.

3rd Hymn: You Who Give Us Life and Joy

Communion

4th Hymn: Like grain from many fields

Prayer of thanksgiving

Aronitic blessing

5th Hymn: Stretch Over Us Your Canopy of Sky

Postlude

---oo0oo---

A fragrance fresh of grassy green
spreads o'er the field and meadow.
The wind it kisses hill and heath,
and stirs the herb bed's shadow.
God's sun breaks through
in body too,
proclaims with golden shimmer:
the tender, bright midsummer.

Hear birds in chorus, sweet and loud,
from early dawn till even!
They race to fill the air with sound,
all praise the work of Heaven.
Each seed and worm
in soil's warm berm
feels joy of life awaken,
as high as larks are taken.

See flower fields in radiant dress—
no words could do them justice.
King Solomon in kingly grace
would pale with jealous hushness.
All beauty here,
love far and near,
each lily, bird and blossom,
is God's good will made awesome.

Yes, you renew the Earth anew,
a summer full of mercy.
But clearer still your Word shines through—
love's mystery most worthy.
All flesh must fade,
each bloom decayed;
but when the flowers wither,
your Word blooms on forever.

Yes, Jesus Christ is that true Word
who raises life from dying.
He makes new heaven, makes new Earth,
with green in glory shining.
Come, Jesus, soon,
and make it known:
that morning bright you're bringing
will be an endless springing.

---oo0oo---

Human, your own great might
makes you dizzy, full of fright.
You must here upon this sphere
judge 'tween evil and good clear,
deeply charged with Earth's own care.

You shall bring the world its peace,
daily bread and love's release.
God of life has chosen you,
and through you His work is true,
when your neighbour suffers need.

You must guard what lives and grows
everywhere the green Earth shows.
Through your warm and caring hand,
and your face they understand,
God draws near to all His own.

No one meets the Lord of life
in the far-off cosmic strife.
He is found where people dwell,
where each morning He will tell
of His love through those He sends.

Human, yours is greatness true,
without you, there's naught to do.
If you sink in grief and loss,
God will raise you from your cross
through your neighbor's gentle hand.

In the gleam of morning light,
God creates your life aright.
Day begins with opportunity
to assist those praying humbly
for a life that holds its worth.

And when you have spent your day,
breathing out your final way,
God will hush your cries and sorrow,
take misused time from your morrow,
gracefully forgot in Him.

---oo0oo---

You, who give us life and make us joyful,
You, who love us just the way we are,
You, who open up the beech hedge's foliage,
You, who form the flower, bee, and star.
Without you, all fields would lie forsaken,
Without you, all hearts would be mistaken.

Without you, the cold and greedy schemers
Have designed a life with no fresh air,
No time left for children or old dreamers,
No birdsong, no scent of flowers fair.
Without you, joy walks with crutches only,
Without you, life breaks and we grow lonely.

Without you, we turn to lies and treason,
Without you, our minds fall into shock.
Without you, the people lose all reason,
The whole world drifts toward Ragnarok.
So we cry to you in fear and sorrow:
Teach us what Christ taught—again—tomorrow:

"You cannot serve both God and Satan,
You must choose 'tween life and death today.
You shall never profit off your neighbor,
But in bread and grief and joy, make way.
Serve each other—equals are all near you,
There are no rich ones in my kingdom near you!

Look with eyes of love upon creation,
Guard all living things with tender care.
Do not trust the golden fabrication—
In my realm, the great are small and rare.
You shall never fear a foe or stranger,
Love's true life has no end, nor danger!"

You, who open doors beyond all dying,
When we drink the wine of your heart's flood,
Show us dawn amid the night's denying,
Give us wheat-grain's courage, strength, and blood.
You, who open up the beech hedge's foliage,
Grant us life and light—and make us joyous!

---oo0oo---

Like grain from many fields,
spread out upon the land,
now gathered in this bread
and formed by loving hand.
So let your Church be gathered,
O God, from far and wide,
that we may all be one
in Heaven's peace abide.

From heavy clustered grapes
came many drops of wine,
now joined within this chalice
to show your love divine.
So let your Church be gathered
from every land and shore,
to be God's own true family
at Heaven's banquet door!

Like grain from many fields,
spread out upon the land,
now gathered in this bread
and formed by loving hand.
So let your Church be gathered,
O God, from far and wide,
that we may all be one
in Heaven's peace abide.

From heavy clustered grapes
came many drops of wine,
now joined within this chalice
to show your love divine.
So let your Church be gathered
from every land and shore,
to be God's own true family
at Heaven's banquet door!

---oo0oo---

Stretch over us your canopy,
touch earth with holy finger.
Let heaven's arch a mirror be
of light you make to linger.
Let peace's bow be raised on high
against the dark, the death, the cry –
you Lord of all the heavens.

Grant us the spring of water clear,
that gives all life its flowing.
We cannot find that source so near,
yet keep our hope in growing:
That you, the source of life, still come,
and open blinded eyes to home –
you Lord of wondrous mercy.

Be sun along our Milky Way,
and warm us in your presence.
Let Holy Fire light our day,
and give us strength and essence
to carry Earth as flowered field,
in living colors gently sealed –
you Lord of shared existence.

Regional management and Regional service Directors report 2024-25

The big words from the international strategic plan 'Strategy 2032': *'Eminence in Fellowship and Community Impact'* were already put into action at the Lunderskov meeting in 2024. It is therefore natural that *'community'* became a central part of the work of the Regional Management Team, but let's take a walk through the year 2024-25 together - a year filled with new people, strong communities and important developments throughout our movement.

The expansion of the leadership from 4 to 7 members is in itself a larger community, and as the secretariat also has expanded by one person, the leadership community is now 11 participants. This requires a changed form of management meetings, where all members have a real opportunity to influence decisions as well as development and initiatives.

A large management team also means many ideas and key issues, so selection and priority needed. All ideas, key issues and dreams were posted, explained and debated - 109 in total - which formed the basis for internal working groups in Management and Secretariat.

Regional Service Directors

We have a continued need for service managers (RSD) - but in a smaller scale, partly because two former service managers (RSD) now were part of the Regional Management Team. The contact with the YMCA and YMCA is crucial, and it was natural to ask Nis Thaysen, Alssund Y's Men's Club, to continue. He says: *'It's been an exciting year to participate in the executive board of the YMCA and YMCA. A new vision has been adopted, which reads: 'Children and young people should have reason to believe, have hope for tomorrow and know that they are needed today.'* *Developing a new vision has been a good process. A new Secretary General, Gritt Rhinstrøm, has also been appointed. The current Secretary General, Jørgen Kvist, has chosen to concentrate on his political work. Gritt has been project manager for Fairhuset.'*

Region Denmark support the establishment of two new Fairhouses in Copenhagen and Esbjerg as a regional project in 2025-26.

VAT compensation

The task of calculating the VAT compensation that the region and the clubs will be entitled to requires professional insight and accuracy. Hans Nørgaard Wedel, Sct. Jørgens Y's Men's Club, Holstebro, has done this work in an impressive manner, raising significant amounts of money for the benefit of the movement. He reports: *'Material for applying for a VAT refund has been sent directly to the presidium of the clubs. It is also posted on the Region's website. In 2024, we have been reimbursed DKK 363,450, which means that we have been reimbursed just over 30% of the amount we applied for. The amount is at the same level as in 2023.*

The amount has been distributed among the almost 70 clubs that applied, so there is room for more.

In order for us to retain our status as a charitable organisation, it is important that you as a private individual contribute at least DKK 200 to our tax-deductible projects.

It is equally important that you provide your social security number so that your donation can be registered with the tax authorities. In addition to supporting a good cause, you are also supporting our own organisation.

We are still working on how we should relate to the requirements of the Danish Bookkeeping Act regarding digital storage of receipts. ISOBRO has yet to get back to us on how we should proceed.'

International funds and programmes

The administration of international funds and programmes has to be solved by a person who has experience and insight into practices and customs. Torben Kristensen, Viborg Y's Men's Club, agreed to continue this task, and he writes: **'ASF Foundation:** *There have been more activities in the past Y's Men's year, but with fewer payments.*

Typically, courses and leadership training are organised for several at a time. Therefore, it is not the individual who applies. There is no doubt that the support is needed. There is a great deal of gratitude from those who receive support. So remember the ASF Foundation when you give out grants. 70% of the funding stays in Denmark.

The YES Foundation: *We are in a time when funds are really needed for the development of Y's Men in Eastern Europe. We have the strength and the means for this work. To help train leaders. To help them develop the work.*

The Endowment Fund and the Golden Book: *There have been a couple of requests for inclusion in the Golden Book. The funds raised in this connection go to extension. Support funds are also needed here.'*

This year, the YES Foundation has supported two projects in Region Denmark with a total of DKK 137,500.

Follow-up to the conference in Roskilde

After the general assembly in Roskilde, the regional management team followed up on decisions and events. The big decision to have a seven-person Regional Board with a two-year rotation period was the reason to many good discussions and the creation of various job descriptions and terms of reference. It is important that everyone in the Management Team takes responsibility and feels valued. The different competences that each member was able to bring to the table greatly strengthened the management team's capabilities.

One of the events at the conference that left its mark on the management was a small CEE Seminar for participants from the Central and Eastern European clubs. The seminar reflected a great commitment and a desire to have a say in the development of clubs and districts etc. in the area, but with a continued affiliation and integration in Region Denmark. This became one of the major challenges for the regional management this year.

CEE area

Our CEE committee, headed by RSD Henrik Jeppesen, had for a long time articulated that CEE clubs and districts could work together as one section. Many of the joint meetings reflected this model, and this was particularly evident during the Vienna meeting in mid-November 2024. Once a year, the district leaders from the CEE area gather in Vienna with representatives from the CEE committee to discuss various matters and develop the community and the Y's Men's movement. This time the meeting was organised, managed and run mainly by CEE members, and it gave the Regional Management Committee the opportunity to intensify its consideration of formalising a CEE structure. It was a tremendous collaboration with leaders from CEE clubs, which - after many different discussions and proposals - resulted in the Regional Management, with the full support of the Regional Council, can present the General Assembly with a 'total CEE Section package' for approval.

New and old clubs

As far back as the eye can see, work has been done to establish new clubs, and various committees have been set up to fulfil this task. RLM Jørgen Sandgaard was a member of the previous committee, so it was natural for him to establish a working group to continue this important work. At the same time, there was a greater focus on retaining current members. The acronym EMC covers both development and conservation. Over the years, our older members have made a huge effort to spread the Y's Men's movement and worked for non-profit and charitable work. They deserve a lot of recognition for this - and we would like them to *'stay a little longer'*.

There were no new Danish clubs in this Y's Men's year. RDE Kristian Helms chartered a new club in Tirana, Albania in October 2024. It was a great experience that brought back memories of RD Knud Erik Lykke, who started the work about 15 years ago. Knud Erik Lykke was remembered and honoured at the charter in Tirana.

The average age of Danish Y's Men is on the high end, but the loyalty to Y's Men is unwavering. Of course, we are seeing a loss of older members,

but there is reason to congratulate and welcome 109 new Y's Men's members in the past year.

The region's economy

Our treasurer for several years, RT Hardi Kristensen, has regularly provided the management with current figures on the financial situation. Money has been claimed from the funds and schemes from which we can receive support, and our obligations to the head office in Geneva and Area Europe have been settled. As you can see from the annual report, the change in staffing of management and service directors has resulted in displacements. The result allowed the purchase of a new photocopier, as the hard disc and other items in the old one could no longer be repaired.

Connecting with clubs and members

It has been important for Management to provide clubs and members with knowledge about what Management is doing. A communication committee was established, which is chaired by RLM Jette Jepsen. It has been a busy year for the committee, which includes RSF Axel F. A. Hansen, with the continued roll-out of last year's branding material, new layouts for leaflets and brochures and other good ideas for marketing and PR. The two most demanding tasks are probably the publication of the many newsletters and the extensive material etc. for *'Himmelske Dage - Churches' People's Summit'* in Silkeborg on 29 May - 1 June 2025.

Through the members of the Regional Council, the Management has received and provided information that could be of importance to clubs and members, and RDEE Søren Winther Nielsen has been editor of an inspiration catalogue, which can be seen as a replacement for the previous scheme, 'Book an R'.

Relationships with Y's Men International

In 2024-25, Region Denmark made a decisive impact on our international movement.

Our long-time member, Erik Breum, Sønderborg Y's Men's Club, passed away. We honour his memory. In Denmark. He was a welcome chairman

at general meetings year after year. Internationally, he was International Treasurer (IT) several times, and he has been Area Treasurer (AT) for several terms. The list of Erik's positions of trust in Y's Men is long and impressive.

When a vacancy arose in the top international position (IP), a by-election of an IPE was needed. Region Denmark played a crucial role in the nomination and election of RD Johan Vilhelm Eltvik, Norway. At the time of writing, the election of a new International Treasurer (IT) - Erik Breum's successor - is running. We expect that Region Denmark will be the most important Region with the election of Svend Erik Nielsen, Hedens Y's Men's Club.

The Area Council consists of the four RDEs (Norway, Finland/Baltic, Central/Southern Europe and Denmark), and the traditional two meetings have been held I Gjøvik, Norge.

The annual RDE-Summit - a seminar for future regional leaders - has also been held. This time it was in India, where RDE Kristian Helms participated. Region Denmark's recognition among other future regional leaders is overwhelming. It is great - but a challenge - to be the world's largest Y's Men's region, and there are calls from IHQ and Area Council to expand with Armenia and Ukraine.

---oo0oo---

Thank you for your support, dedication and faithful commitment. We look forward to the year ahead with you.

Silkeborg, May 18, 2025

Jørgen Kallesen, Regional Director 2024-25

Notes to the agenda for the General Assembly

Re. 7 a. – Proposals received: Establishment of a CEE Section:

The regional management recommends the creation of a new section for the CEE region and the following legislative changes:

The energetic efforts and passion of the CEE Committee and previously dedicated Y's Men for the expansion of the Y's Men movement in the countries of Central/Eastern Europe has recently developed to such an extent that the Regional Management sees a need to strengthen this development further by enabling greater personal ownership for Y's Men members in the CEE area. Many Y's Men in the CEE area are taking on greater and greater involvement and responsibility in the co-operation with the CEE Committee, which is why a Section under Region Denmark is considered a possibility.

---oo0oo---

Re. 7. a. 1:

Established a Section - integrated in Region Denmark - comprising current and future chartered Y's Men's clubs and districts in the CEE area. The section will be placed on the same level as the districts.

---oo0oo---

Re. 7. a. 2:

The creation of a CEE Section requires the approval of the following legislative changes.

Proposal to amend the § 14, stk. 1:

Current wording:

The Regional Council consists of the Regional Management and one member from each district management (DG, DGE or DGEE). One or more district managements may choose to be represented by another district or a specially appointed person. (VR 406-408).

Proposal for new wording:

The Regional Council consists of the Regional Management and one member from each district management (DG, DGE or DGEE), resident in Denmark, and one member from 'CEE-Section- Management'. The latter's

vote is weighted according to the current number of districts in the Section (currently 6 votes). Other members have one vote each.

The district management and section management may choose to be represented by another district or a specially appointed person. (VR 406-408).

---oo0oo---

Proposal to amend VR 407:

Current wording:

The District Leaders elect one member from among their number to sit on the Regional Council. The election is valid for one club year at a time, except in the case of legal incapacity, but re-election can take place. For example, a DGE can sit on the Regional Council for 2 consecutive years (as DGE and as DG). A DGEE can be on the Regional Council for 3 years if the District Management feels that this provides greater continuity.

Geographical or other circumstances may dictate that a district may find it appropriate to authorise another district or a specific person - e.g. a parent club member or a country coordinator - to be represented at Regional Council meetings. In this case, the authorised district or person is obliged to keep the district in question informed of all important matters and decisions. In the event that the members of the district leadership cannot agree on the election of a Regional Councillor, the District Governor (DG) shall have the seat on the Regional Council.

Proposal for new wording:

The District Managements and Section Managements shall elect one member from among themselves to sit on the Regional Council. The election is valid for one club year at a time, except in the case of legal incapacity, but re-election may take place. For example, a DGE can sit on the Regional Council for 2 consecutive years (as DGE and as DG). A DGEE can be on the Regional Council for 3 years if the District Management feels that this provides greater continuity.

In the event that the District Management/CEE Management members cannot agree on the election of a Regional Councillor, the District Manager (DG)/ CEE CEE Manager shall have the seat on the Regional Council.

---oo0oo---

Proposal for a new § 17 a (CEE Section):

§ 17a

Current and future chartered Y's Mens clubs in the CEE area are gathered in a 'CEE Section', with partial powers of its own, but still as an integrated part of YMI Region Denmark.

The 'Statute for the CEE Section' lays down rules for the Section's activities. These rules must be approved by Region Denmark according to the same rules as legislative changes.

The term of office for CEE Section leaders is 2 years.

---oo0oo---

Proposal to amend § 20:

Current wording:

The district management is both the region's representative to the clubs and the clubs' spokesperson to the region.

The district management meets as needed.

Proposal for new wording:

The District Management and the CEE Section Management are the region's representative to the clubs and the clubs' spokesperson to the region.

The District Management and Section Management meet as needed.

Re. 7. a. 3:

Recommendation for approval of the Statutes for the CEE Section:

The Y's Men International International Association of Y's Men's Clubs

The Association is a worldwide fellowship of persons of all faiths working together in mutual respect and affection, based on the teachings of Jesus Christ, and with a common loyalty to the Young Men's Christian Association, striving through active service to develop, encourage and provide leadership to build a better world for all. The movement is divided into independent regions, which have adopted their own laws within the overall international mission statement.

Preamble

In order to strengthen the cohesion between the clubs in Central/Eastern Europe and build the community that is the hallmark of the Y's Men movement, these clubs are

brought together in a Section with certain independent powers - but still as an integral part of Y's Men International Region Denmark.

Statute

for

CEE Section of Y's Men International Region Denmark

§1 Name

The name of the section is “**CEE Section of Y's Men International Region Denmark**”. Instead of the full official name, the abbreviation “CEE Section” may be used.

§2 Establishment and foundation

“CEE Section” is established by special resolution at Region Denmark's general meeting on June 21, 2025 in Aars.

§3 Purpose and tasks

The purpose of establishing the CEE Section is to future-proof the development of the Y's Men movement in the CEE countries by introducing a step-by-step process that can lead to the creation of an independent region.

The establishment of the CEE Section with delegated powers is the first step in building these changes. Its purpose is to maintain and deepen the cooperation that already exists between the countries.

The role of the CEE Section is to coordinate the activities of the affiliated Y's Men clubs in the CEE countries with the help of the CEE country leaders. To utilize the potential of club members to learn about each other's history, culture and way of life, to inspire each other for club and membership development and thus better promote common interests.

The role of the CEE Section is to carry out the purposes of the movement on a Christian basis, within its territory and according to regional and international law, and to participate actively in the tasks delegated to it from the regional level.

§ 4 Competencies.

The “CEE Section” is an integral part of the organizational structure of YMI Region Denmark - on the same level as Danish districts - and is subject to decisions made by Region Denmark's General Assembly, Regional Council and Regional Management.

The laws and statutes of Region Denmark also apply to the “CEE Section” unless these statutes prescribe otherwise.

The “CEE Section” reports to Region Denmark's Regional Management, represented by the Regional Director (RD) or the management member who may be appointed as responsible for the CEE area.

§ 5 Member of the CEE Section.

“CEE Section” consists of the affiliated Y's Men clubs chartered under Region Denmark and based in Central and Eastern Europe, as defined from time to time by the laws of Region Denmark, but currently includes: Poland, Hungary, Slovakia, Bulgaria, Romania, Moldova, Kosovo and Albania.

§ 6 Organization of the “CEE Section”:

- The CEE Section is headed by the CEE Section Management.
- The “CEE Section” is composed from “Districts”, each comprising a number of clubs within a defined geographical area.
- The “CEE Section” members are all Y's Mens clubs in the “CEE Section” area.

§ 7 “CEE Section Management”.

“CEE Section” is led by ‘CEE Section Management’, consisting of the Section Leader and two members.

Members for the CEE Section's first management are appointed by Region Denmark's General Assembly on June 21, 2025.

Every second year in even numbered years - the first time in 2028 - a CEE Section Manager is elected at the annual CEE Section meeting, and every second year in odd numbered years - the first time in 2027 - two CEE Section members are elected.

The term of office for the CEE Section management members is 2 years.

The CEE Section Leader is considered the CEE Section's highest administrative leader and represents the CEE Section in all matters within the CEE Section. The section leader is responsible to Region Denmark's management for the CEE Section's finances, administration and coordination.

The CEE Section Management determines its own rules of procedure, containing the internal distribution of tasks, responsibilities and competencies among the CEE Section management members. The rules of procedure must be approved by the Regional Council.

Together with the CEE Section's other employees, the Section Management must seek to inspire the Section's clubs to develop club work in accordance with the movement's purpose and traditions for the benefit of the local communities.

The tasks of “CEE-Section-Management” include

- a) coordinate membership registration and collection of membership fees,
- b) determine the Section's own finances (budget) and set membership fees accordingly,
- c) in consultation with the “CEE Committee” to allocate funds made available from the “Region Denmark Extension Support Fund” according to the fund's approved budget for the CEE area.
- d) manage funds and grants responsibly,
- e) coordination of project activities,
- f) developing relationships, training/education,
- g) expansion and fundraising
- h) other tasks that are a natural part of the development of the CEE region.

§ 8 CEE Section Service Directors.

In order to perform the tasks incumbent on the “CEE Section”, the CEE Section Management may appoint a number of Service Directors to perform specified tasks or functions in close cooperation with the Section Management.

At the establishment of the CEE Section, Service Directors (SSD) are appointed for the following tasks:

- a) SSD for finance
- b) SSD for CEE projects
- c) SSD for training/education
- d) SSD for expansion and fundraising
- e) SSD for liaison with YMCA

For each position, the “CEE Section Management” shall draw up a job description.

§ 9 CEE Section ”Districts”.

The section is divided into districts.

A district is a defined - as far as possible contiguous - geographical area and should include at least 3 clubs.

Districts are the link between CEE Section Management and the clubs.

The number of districts can be changed with the approval of the Regional Council.

Each district is led by a district management consisting of a District Governor, District Governor Elect and District Governor Elect Elect.

Every two years, clubs in the district elect a District Governor Elect Elect (DGEE) who joins the district leadership at the beginning of the Y's Mens year. The following year they move up to District Governor Elect (DGE) and after another year to District Governor (DG), who is considered the district's top administrative leader.

The District Leaders' functions and tasks will include

- working with Section Service Directors (SSD) and Club Presidents,
- verify that the club membership list is complete,
- sending an updated list of club members to the SSD, to the regional database administrator and a copy to the Section Leader,
- administer the payment of membership fees to the CEE Section bank account,
- resolve together with SSD any problems regarding the database and membership transfer,
- inform about submitted CEE projects, their implementation and accounting
- cooperate with SSDs and club presidents in the field of education,
- translate or organize the translation of training materials into the local language,
- organize district-level training and coordinate club-level training,
- use district conferences to educate club members,
- work with SSD to provide data on local conditions in extension and fundraising.

CEE Section Management may modify or increase the duties of district leadership on an ongoing basis and describe these in a District Manual.

§ 10 CEE Section "Clubs".

The members of the section are the Y's Men's clubs that are chartered with the International Association of Y's Men's Clubs and registered in Y's Men Region Denmark.

Each club is led by a presidium of at least 4 members, who can be called president, vice president, treasurer and secretary.

The club may choose to use other designations for the presidium members.

The affiliated Y's Men's clubs shall further the purposes of the movement by:

- Functioning primarily as service clubs of the YMCA and YWCA,
- Supporting other valuable organizational work,

- Providing practical as well as financial support for general charitable purposes, including non-profit, church, humanitarian, relief and development projects,
- To encourage fairness in social and international issues, the clubs always refraining from partisan politics,
- To keep members informed and actively involved in religious, civic, economic, social and international affairs,
- that the club refrain from taking partisan political positions and that individual members refrain from using the club for political agitation,
- To cultivate good fellowship,
- to support international, area and regional projects of the movement.

The duties of the affiliated clubs are:

- to meet regularly for meal fellowships or similar,
- to ensure regular attendance,
- to conduct regular club activity in furtherance of the purpose of the club,
- to respond to CEE Section Management's direct requests in a timely or reasonable manner,
- to pay agreed dues to the CEE Section and the Region in proportion to the club's membership in a timely manner.

§ 11 General principles and working conditions in the CEE Section

In general, the following principles apply to working in the CEE section:

- democratic principles are applied,
- the common language of the CEE Section is English,
- districts may use their respective national languages,
- the term of office for CEE Section positions is at least two years for all CEE Section stakeholders (districts, CDGs, clubs) and leaders from Region Denmark,
- Region Denmark is regularly informed about the change process.

§ 12 Requirements for candidates for work in the CEE Section

General requirements for candidates for positions in the CEE section:

The candidate:

- identifies with the values of the Y's Men movement and has previous experience of active work for the Y's Men movement,

- agrees with the goal of the development concept of the CEE Y's Men movement and will fulfill the position as a volunteer,
- has the trust of the district team and the Danish leaders,
- in the early stages of the work are nominated by the Danish leaders, in later periods they are filled by election,
- is expected to accept the nomination,
- will be part of an organization where normally all countries that are part of the CEE section are represented.

§ 13 Financial management

The financial management of the CEE Section is part of the YMI Region Denmark accounts.

The CEE Section's income and expenses are analytically recorded in the regional accounts.

The CEE Section has a bank account under the regional main account. The SSD for Finance has access to and insight into this account. CEE Section Management agrees with the YMI treasurer how the CEE Section's bookkeeping and sub-accounts are to be organized and which tasks are to be carried out by the CEE Section's SSD for Finance.

All positions in the CEE Section are unpaid. Direct expenses may be reimbursed.

The CEE Section has no statutory representative and no authority to sign commitments. It is represented at meetings by the Section Leader (Chair) or a delegated member of the CEE Section Management.

§ 14 Closing provisions

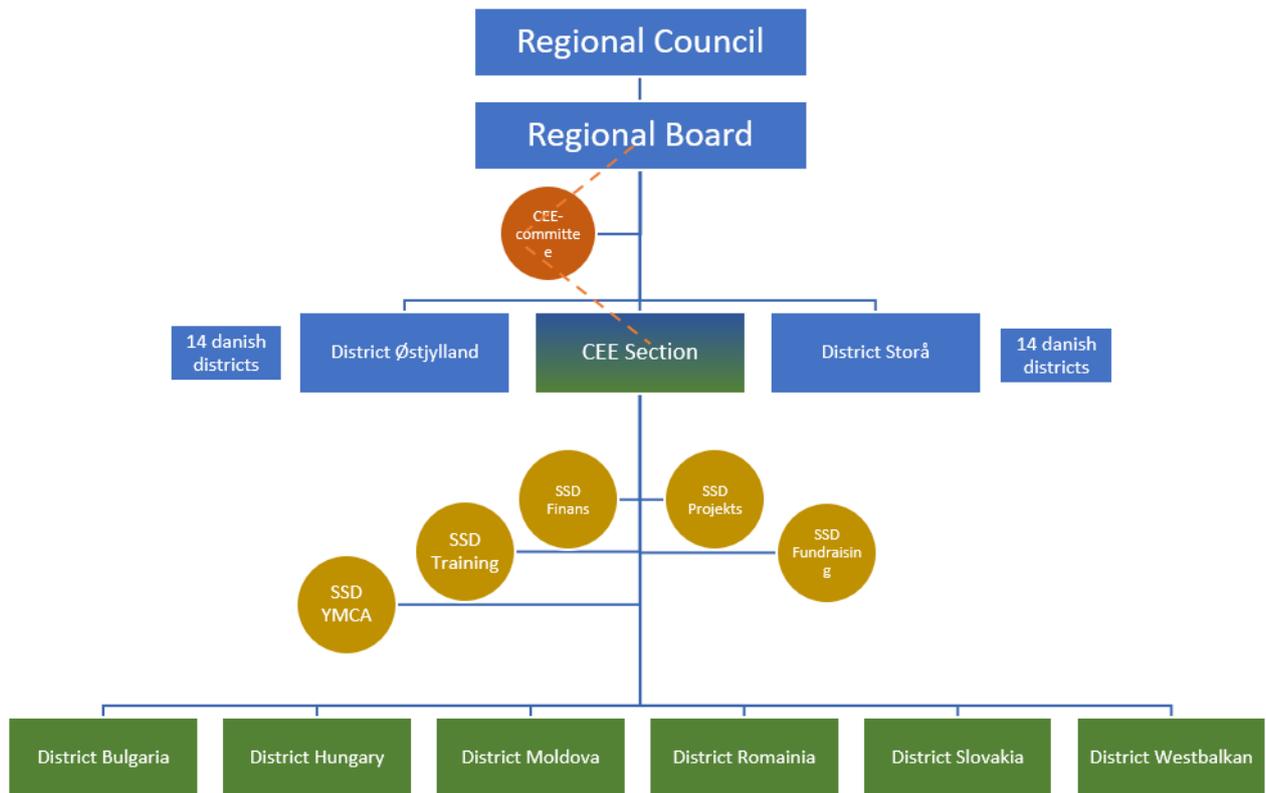

The CEE Section may be dissolved if the purpose for which it was established has not been fulfilled or if it does not perform the tasks delegated to it. The final decision shall be made by the General Assembly of YMI Region Denmark.

These statutes shall enter into force on July 1, 2025.

Amendments and additions to these statutes shall be approved upon proposal from "CEE Section Management" by the Regional Council of YMI Region Denmark, which shall decide whether the amendments are of such content that they must be approved by the General Assembly of YMI Region Denmark.

Thus, adopted and approved

Y's Men International Region Denmark Aars, June 21, 2025 6 af 6

Legislative changes where RDEE is deleted - and the possibility of deputies:

The Regional Management recommends the following legal changes because the RDEE function is no longer part of the Regional Management - and the possibility of deputies:

Proposal for amend VR 402:

Current wording:

VR 402

The term of office for the members of the Regional Management Team starts on 1 July.

If the Regional Director (RD) is unable to fulfil his/her duties or resigns before the end of the term of office, the Regional Director Elect (RDE) takes over as acting Regional Director (RD).

RDE will therefore act as Region Manager until RD is able to take over the position again or until the next annual general meeting.

The same applies to the Regional Director Elect (RDE). If Region Leader Elect Elect (RDEE) resigns before the end of the election period, the position will be vacant until the next annual general meeting.

YMI Region Denmark

To acknowledge the duty that accompanies every right!

Afternoon activities.

Topic: 'The Island of Deviants – Livø'

Poul Duedahl is a professor of history at Aalborg University and co-author of the book *Afvigernes ø* (The Island of Deviants) and creator of the TV documentary *Nyrup – søn af en udstødt* (Nyrup – Son of an Outcast), which aired on DR1 in January 2023.

Topic: 'The Community of Community Singing'

The folk high school songbook is a labour of love and a common denominator in Anette Kjær's work as a freelance lecturer, singer and teacher. Since 1994, she has given numerous lectures on a wide range of topics, all based on songs from the folk high school songbook.

Festival evening with 3-course dinner

Drinks can be purchased at reasonable prices from 17:00

Speech by professor Kasper Støvring

Professor Kasper Støvring talks about 'community', which touches on some of the essence of all work in Y's Mens contexts. Look forward to a lecture that will make you smarter.

Entertainment with Jeanet and Rune

Singing

Short closing ceremony

Evening prayer

We have just celebrated Pentecost.

The coming of the Holy Spirit.

It can be difficult to understand – and explain – the Holy Spirit.

When I explain it to confirmation candidates, I use the image of a windmill.

The blades turn when the wind blows. We cannot see the wind, but we can see whether the blades are turning. When they turn, they generate energy.

We ask the Holy Spirit to blow on us – so that we can get going – so that our contribution to the world generates energy.

I was recently with our bishop here in the Diocese of Viborg, Henrik Stubkjær. He told me about a meeting he had had with the late Pope Francis.

The two had had a conversation about the state of the world, which is changing so much, and they shared their concerns about the future. Then Pope Francis said to Henrik Stubkjær: 'But remember, my good friend – it is in times of change that the Holy Spirit has the opportunity to rearrange things'.

The Holy Spirit blows – without us being able to see it – enabling us to work for joy and benefit – and release energy – not by our own power, but by God's.

Just as the breath of life was breathed into Adam, so too is life breathed into us every day.

The world is changing – the Holy Spirit rearranges, and when we wake up again tomorrow, it is to live.

The little child who comes into the world must breathe. If it does not do so on its own, it gets a little slap on the back – for it must live – and so must we.

May the fellowship of the Holy Spirit be with us all –

and may the grace of our Lord Jesus Christ fill us tonight

and may God's love live in us tomorrow – and the days to come.

Amen
